## GRAND CHANCELLOR, LEE FREEMAN AND TOM CONNOLEY TO VISIT LODGE

### MISS ADA HENDERSON DIES HERE WEDNESDAY

FUNERAL SERVICES HELD AT BAPTIST CHURCH THURSDAY AFTERNOON

Miss Harriet Ada Henderson died at her home in Cameron Wednesday evening at 8:30 o'clock March 30, 1927 following a long period of declining health.

The end came to her peacefully, surrounded by the members of the family a few close friends and the physician Dr. Elbra Monroe.

She was born at Washington, Texas, the daughter of Mr. and Mrs. Thomas Stallworth Henderson. She had been a resident of Cameron for many years, being a teacher in the public schools here, giving her life work to the teaching of the children, many of whom have reached manhood and womanhood and mourn her passing.

Funeral services were held at the Baptist church at four o'clock Thursday afternoon. Rev. E. S. Hutcherson, pastor, conducted the services. Dr. Lee R. Scarbrough, president of the Southwestern Baptist Seminary at Fort Worth, friend of the family and former pastor here assisted in the funeral service.

Cameron schools dismissed Thursday for the funeral out of respect for Miss Henderson who had been an honored member of the faculty for a number of years.

Active and honorary pall bearers were the present members of the school board and the past members of the board. The present members are: O. L. Kidd, president; B. P. Atkinson, Wm. Henderson, Dr. W. R. Newton, Mrs. W. O. Triggs, Mrs. George T. Moore and E. A. Wallace.

The Coleman-Epien funeral home had charge of the funeral services with interment in Oak Hill Cemetery.

The death of Miss Ada Henderson has brought universal sorrow to hundreds who knew and loved her here and over the state at large. By reason of her long residence here and her life work as a teacher in the schools she had endeared herself to many who feel keenly her death.

Miss Henderson is survived by her brother, T. S. Henderson of Cameron and a sister, Mrs. Alice Fowler of Brownwood, and nieces and nephews, children of Mr. and Mrs. T. S. Henderson of Cameron. Misses Winnie and Katherine Henderson who had lived with her for a number of years.

In the family of which Miss Ada was one of the children, there were seven, three boys and four girls all of whom are dead except those noted above. Her brother the late Judge John Henderson was a confederate soldier in Hood's Texas Brigade. He lost an arm in the service of the South in Virginia. He was district judge here and later on the court of criminal appeals. Another brother, Sam A. Henderson was a lawyer and one time member of the legislature. Mrs. Rhoades of Navasota and Mrs. Chandler of Anderson, sisters, have been dead for some time. Their children are survivors to mourn Miss Ada as are the children of the other families.

Out of respect to Miss Ada and the families the business houses were closed for the funeral Thursday.

### CHRISTIAN CHURCH IN REVIVAL MEET HERE

REV. HOWARD PETERS PREACHING SERIES OF SERMONS AT CHURCH HERE

The Christian church revival conducted by Rev. Howard Peters of Waco is progressing nicely with large crowds attending. Mr. Peters is preaching some good sermons, and much interest is being manifest in the services.

Mrs. Peters is doing helpful work with the children of the congregation. The meeting will continue through Sunday, closing in the evening with a program given by the children under the direction of Mrs. Peters.

### Frigidaire Products Feature Exhibits At Marlin Food Show

The annual Pure Food Show given at Marlin, sponsored by the Presbyterian Auxiliary, last week was largely attended.

Space was rented to business firms of adjoining counties to display their products. Milam County was well represented by the Keith Electric Company with Frigidaires, two household sizes, and one commercial size. The booth was attractively decorated in blue and yellow with red lights. The Frigidaires were filled with plenty of good things to eat. Mr. Keith's display was next to the most expensive in the show.

Hundreds of people visited the booth each day. Mr. and Mrs. Keith report an enjoyable time with several household sales and a number of prospects.

### DISTRICT MEET FOR UNIVERSITY LEAGUE

TO BE HELD AT WACO ON BAYLOR GROUNDS SATURDAY APRIL 16th

The District Meet of the University Interscholastic League will be held at Baylor University, Waco, on Saturday, April 16, beginning at 9:30 A. M.

Track and field contestants will meet on Carroll Field and Literary representatives will meet in the Baylor University Auditorium.

The following are eligible to compete in the District Meet: First place winners in each division of debate; first place winners in each division in tennis; first place essay in each of the four divisions in essay writing; first and second place winners in each of the eight divisions in declamation; first, second, third and fourth place winners in each of the track and field events, class A and B. (No junior contests in track and field). rural pentathlon; winner in "3-R" contest; first place winning teams in Music memory in case a music memory contest is held.

District fourteen is composed of Bell, Coryell, Freestone, Limestone, Falls, Milam, McLennan and Robertson Counties.

The executive committee is as follows: L. C. Porter Temple, Director General; Principal E. T. Genheimer, Waco, Director of Debate; Supt. T. A. Fisher, Cameron, Director of Declamation; Supt. C. C. Comer, Gatesville, Director of Essay Writing; Coach Morley Jennings, Baylor University, Waco, Director of Athletics.

Indications are that Milam County will have full representation at Waco and that many Milam County fans will follow their representatives to Baylor to watch their fortunes on this occasion.

### CONVENTION SUNDAY SCHOOLS HERE 1928

DELEGATES FROM 25 COUNTIES COMING HERE IN 1928

The Central Texas Sunday School Convention composed of 25 Texas counties will convene with the First Baptist church in Cameron on March 20 and 21st, 1928.

This announcement is made by E. S. Hutcherson, pastor of the church who attended the meeting held in Temple and invited the convention to Cameron.

Mr. Hutcherson expects to bring John A. Hill of Nashville, Tennessee here for the convention. He is a member of the Sunday School Board for the Southern Baptists.

The city will welcome these visitors and no doubt provide for them attractive entertainment while in the session here.

Mrs. E. A. Flinn visited Rev. and Mrs. Glenn Flinn in Georgetown this week.

### CAMERON ATHLETE IS BEATEN IN DISCUS

JACK TAYLOR, "OFF FORM" IN AUSTIN TRACK AFFAIR, FAILS TO PLACE

J. D. "Wingfoot" Stovall, star Bruin hurdler, placed third in the 120 yard high hurdles at the Third Annual Texas Relays in Austin Saturday. In his heat of the tall timbers, he finished ahead of all opposition and in the finals, won third place against the cream of the nations hurdling talent. Stovall is serving his last year on the Varsity track club and should garner many points for the Baylor cause during the '27 campaign. Along with Jack Taylor, he was co-captain of the Bear Track club last spring.

Jack Taylor was due to cop the discus event at the Texas Relays, but in the final throws of his plate, he was sadly off form. In this particular event, there are days when the athlete can hurl the missile far and wide but still there are days when he just can't "get off right." Jack couldn't get off right at the Relays. Last year at the Relays, he barely managed to place third, although he had thrown the discus much further than the winning mark on many occasions. That Taylor is among the best throwers in the country is not questioned. He holds the conference record with a throw past the 143-foot mark and placed second in the national intercollegiate meet at Chicago last year with a throw past the 147-foot mark. His greatest achievement, however, was against the Mustangs on Carroll Field last year when he hurled the plate 157 feet 10 5-8 inches, unofficially breaking the world's record. Coach of Texas University won the discus event in Austin Friday with a hurl of 141 feet, one of the best throws that he ever registered. Taylor failed to place in the finals, although he got better than 146 feet in the warming up session.

### JEFF C. ROGERS DEAD IN MAYSVILLE, OKLA.

FORMER CAMERON RESIDENT AND NATIVE HERE IS BURIED THERE

Word was received here last Thursday afternoon of the death of Jeff C. Rogers, formerly of Cameron, at the hospital at the University of Oklahoma at 5 p. m.

Mr. Rogers was born and reared in Cameron and is well known over this section, being a member of one of the most prominent Milam County families. He was fifty-two years old and lived in Cameron until about fifteen years ago when he moved to Oklahoma. He married Miss Novella Henderson, daughter of B. F. Henderson formerly of Walker's Creek community about thirty years ago. He is the son of Mrs. Martha Rogers. His father, Major J. C. Rogers, was in the Confederate army and was first sheriff of Milam County.

He is survived by his widow, three children, Mrs. Myrtice Duncan, B. F. Rogers and Henderson Rogers of Maysville, Oklahoma; and by four brothers and sisters, Mrs. Jeff T. Kemp, Mrs. Ella Hooks, Wm. R. Rogers of Cameron and Mrs. Mary Harkrider of Abilene.

Mrs. Hooks was in constant attendance at his bedside, having gone when his condition was reported critical.

Funeral services were held at Maysville, Oklahoma Friday.

#### TO BUILD HOME

Harry W. Tag, linotype operator on the Herald closed contract Wednesday with the Grant Lumber Company and Contractor Chandler for the erection of a new home in north Cameron. They were the lowest bidders among a number who sought the contract. Construction work is to start at once.

### LIONS HEAR TORBETT IN ADDRESS TUESDAY

MARLIN PHYSICIAN AND POET GIVES PHILOSOPHY OF LIFE

Man must have health and a well developed body as well as education and a saved soul to have happiness in this life said Dr. J. W. Torbett of Marlin, noted physician, poet and philosopher, before Cameron Lions on Tuesday.

Dr. Torbett came to Cameron as the guest of Fred B. Cable, cashier of the First National Bank, who was toastmaster and in charge of the program for the day.

Proper foods were discussed by the doctor in defining the needs of the human body. Americans are eating themselves to death he said. A smile is a great tonic and clubs such as the Lions are developing the spirit of fellowship throughout American life and are making men better. The doctor gave only two or three readings from his poems, confining his address to about 20 minutes of rapid fire philosophy.

It was said after the meeting that Dr. Torbett has been asked to address the next meeting of the Methodist Brotherhood.

Royal P. Jeter, tail twister for the club, made the program for the day better by his contribution on "suppressing the cuba," directing his remarks to some of the recent members amid roars of laughter. Mr. Jeter has the faculty for satire as well as great utterance.

Rev. Williams of Marlin was a guest of the club having accompanied Dr. Torbett to Cameron. There were a number of other guests for the occasion, all of them being introduced to the Lions.

Mr. Cable presided in the absence of Paul Webb, president. The annual Easter Egg hunt will be held this year for the children of Cameron. The plans for this hunt was referred to the next meeting.

The women of the Methodist church served the plate lunch for the occasion.

### BAPTIST MEN WILL CONDUCT CAMPAIGN

TO SEEK GOVERNOR MOODY FOR BANQUET IN MAY THIS YEAR

Members of the Bible Class led by F. B. Cable as teacher will begin a membership campaign next Sunday.

At a meeting of the officers and teachers of the class held Tuesday the plans for the drive were made. All details of the program will be outlined at the Sunday morning session when Mr. Cable will teach the class.

On last Sunday 25 were present. Two new members being enrolled and one visitor.

Preston Graves and W. B. Skelton went to Bryan Wednesday to confer with Judge W. C. Davis to secure him for the 24th of April to teach the class for that date. This will be the third Sunday of the campaign.

The final Sunday of the canvass for new members will be on Mother's Day. The pastor E. S. Hutcherson will be asked to address the class on that date.

Later in the week a banquet will be served free to the class members and invited guests. Governor Dan Moody has been asked to address the meeting at that time. A photograph of the men will be made. It is expected that more than 200 men will be in the meeting and attend the banquet to hear the governor.

Mr. Cable and Mr. Graves desire a large attendance on Sunday at which time the plans for the drive are to be presented.

It is pointed out that the class will seek to make the increase permanent and build up a large attendance each Sunday.

Nothing is certain except that it won't happen as the experts predict.

### Raymond Beard Named Cattle Inspector For Milam County

Raymond Beard, former inspector for the Livestock Sanitary Commission, has received his appointment as inspector for Milam County and according to his notification will take charge of the work to begin on April 1. Mr. Beard says he will be inspector for Milam County to succeed E. L. Brod who recently received a renewal of his commission but will be displaced by Mr. Beard.

Mr. Beard has served in this capacity prior to this time. His telephone 396 is at the disposal of the cattle men or a letter will, if addressed to him at Cameron, secure his services.

Some weeks ago it was published in this paper that Mr. Brod had been reappointed but developments show that the commission has named Mr. Beard instead.

### CAMERON BANKS ARE STRONG AND HEALTHY

MORE THAN TWO MILLIONS ON DEPOSIT WITH LOANS DECREASED

Statements of Cameron Banks as shown by the affidavits of cashiers show the banks in fine condition with the general healthy condition.

More than two million dollars are shown to be on deposit in these banks. The banks are as follows:

Cameron State Bank  
First National Bank  
Citizens National Bank

Texas State Bank and Trust Co.

The Citizens National Bank leads in deposits and total resources. The other banks are in fine condition. The statements of the First National and Cameron State banks and the Texas State Bank & Trust Company indicate wise management and conditions that warrant a full measure of public confidence.

The Texas State Bank and Trust Company which has no public funds of any kind on deposit has justified the faith of its stockholders and the public in the showing it has made since opening two years ago. Despite the conditions of the two years it has steadily grown and is rapidly assuming its rightful place in the tower of financial strength of the community.

The Citizens National Bank was established in 1900 has completed more than 26 years of successful banking and its statement shows greater strength and a growing, healthy condition.

Cameron State Bank, one of the leading state banks of this section has progressed will and its affairs are proof of safe and sound banking.

The First National Bank, the oldest Milam County banking house presents a fine statement and shows good progress.

All Cameron banks are strong and safe and their statements present a tower of strength to take care of the needs and give the community the best in banking.

### EPISCOPAL MINISTER CONTRIBUTES TO THE ST. MONICA'S FUND

The Herald has received a contribution of \$5 from Rev. J. P. Love, pastor of the Episcopal church to the building fund for St. Monica's Catholic church. This gift is very greatly appreciated by the parish and by the Catholic people everywhere.

The Herald has made an appeal in behalf of the church and while a large number of gifts are to be made, we are not able to announce them at this time. It is gratifying to see the spirit shown by Rev. Love and others who have signified their willingness and intention to contribute to this fund.

#### EVENING SERVICES AGAIN

During April, beginning next Sunday, the Episcopal church will have service at 7:30 p. m. Sunday School is at 9:45 a. m. Young People's Service League at 1:30 p. m. Woman's Auxiliary Monday afternoons.

### KNIGHTS PYTHIAS TO ENTERTAIN MONDAY

RANK OF KNIGHT TO BE CONFERRED ON FOUR MONDAY NIGHT

Lee Freeman of Fort Worth, grand chancellor of the Knights of Pythias for Texas and Congressman Tom Connoley of Marlin, supreme representative, will be guests of Cameron Knights Pythias Monday night.

Jake Posey, Chancellor Commander, announces that four men will be present to take the rank of Knight and that the Lodge is to entertain the distinguished visitors.

The meeting Monday night will see a crowded lodge room. Milam Lodge No. 125 has near 200 members.

The meeting will climax a week of unusual activity for the local Knights. Fourteen members attended the district meeting in Waco Monday night. They are: W. O. Triggs, Alex Triggs, Claude Triggs, W. G. Gillis, J. B. White, Robert Browning, Lee R. Clore, B. T. Harris, Albert Triggs, Robert McCown, Lee R. Tag, Harry W. Tag, Bill Baskin, E. L. Tucker, Jim F. Chadwick. This was the largest delegation attending the convention from any of the subordinate lodges.

A compliment to Cameron Knights came when the rank of Knight was exemplified and four members from Cameron participated. They were W. O. Triggs, Claude Triggs, Alex Triggs and E. L. Tucker.

The Chancellor Commander is very anxious for a large attendance. It will be a memorable meeting for the lodge for Mr. Freeman as well as Mr. Connoley are good speakers and will bring a message of help to all local Knights.

### COMMERCIAL CLUB NAMES DIRECTORS

J. W. COLEMAN NAMED PRESIDENT AND J. D. DOBBINS ELECTED VICE-PRES.

J. W. Coleman has been re-elected president of the Commercial Club and J. D. Dobbins has been elected Vice-president. J. L. Clinton of the Texas State Bank and Trust Company has been elected treasurer. All officers have been elected to succeed themselves.

The directors elected at the meeting Monday night are as follows:

F. S. Lesovsky  
F. E. Jackson  
Giles L. Avelitt  
S. M. Burns  
J. C. Young  
T. A. Fisher  
F. B. Cable  
W. M. Cobb  
F. J. Beckerman  
W. H. Shipp  
O. M. Smith  
J. B. White

The meeting held in the district court room was presided over by T. A. Fisher who arranged the program. Four club members, F. B. Cable, F. S. Lesovsky, F. E. Jackson and S. M. Burns made short talks on subjects assigned to them.

Mr. Lesovsky talked on the achievements of the club for the past year. F. E. Jackson urged a bigger program for Cameron. Mr. Cable told the club members of the value of advertising the assets and attractions of the community, calling attention to the need for patronizing those industries brought here by the activities of the club.

Mr. Burns touched on a vital need in the club, the necessity for enlisting a greater effort individually and collectively. Mr. Burns talked on effective work and getting results and urged affiliation with the East Texas Chamber of Commerce and the study of commercial magazines for opportunities and ideas now prevalent in the country for the direction of civic and commercial effort.

The club directors will meet at the court house on next Monday night at which time the directors will name a secretary for the ensuing period.

## TERRIBLE PAIN

**Mrs. Cox Quite Well Now And Pleased With Cardui.**

Mrs. W. L. Cox, 120 Church Street, Chester, S. C., says:

"I suffered awfully . . . I would have a terrible pain, at times; I could hardly stand it. I slept badly; my rest was disturbed and I seemed to get little benefit from it."

"I read about Cardui in the papers and thought it might be a good thing to try, so I began taking it. I was so pleased with the way I improved that I kept on taking it until I felt quite well. Cardui helped me so much and so many people have remarked about my improvement."

Cardui has been used and recommended by thousands of other women, for over 45 years. Try it.

"I used to be bothered with dizzy spells," says Mr. Andy Parker, Route 4, Fort Payne, Ala., "and would get to feeling tired and my feet were heavy."

"I had a bad taste in my mouth. My eyes would burn. Then, pretty soon, I would have a mean headache."

"Someone told me about Black-Draught. I began taking it, and it helped me."

"Black-Draught has been our main medicine in the house now, for about twenty-five years. We take it for biliousness, colds and almost all minor ills. It's the first thing, my folks and I think of taking, when we feel bad."

"We recommend it very highly."

## Boy Charged With Robbery Here Sends Poem To His Mother

W. L. Peterson in Milam County jail charged with the robbery of the Baggett Bros. Drug Store, at Milano has written a poem to his mother, Mrs. John Peterson at Glen Flora, Texas. Peterson's case will be placed before the grand jury at the May session. He was arrested at Glen Flora and returned to Cameron:

I was going strong  
I was going wrong  
I was going wronger  
Every day.

It was for a while  
I could steal a pile  
And make a get-away.  
One day a big cop passed  
And they got me at last  
And I didn't have a chance  
To get away.

Now while I am pecking rocks  
You will be picking locks  
I will be pecking rocks always.

Now while I am  
Serving years  
Someone is shedding tears  
I will be serving years,  
Always.

I broke in Cameron jail  
No one will go my bail  
I will be behind the bars always

Now I look and see others free  
I'll try and get liberty  
I'll keep my liberty always.

Now I walk floors of steel  
For other burglars I do feel  
I'll be walking steel always.

Now I am on the Huntsville farm  
I can do no one any harm  
I'll be on the farm always.

### The State of Texas

To the sheriff or any constable of Milam County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

The State of Texas  
To all persons interested in the welfare of Wilbur Crawford, Peggy Crawford, Mildred Crawford, Jack Crawford and Gladys Crawford, minors, J. R. Crawford has filed an application in the County Court of Milam County, on the 10th day of March 1927, for appointment as guardian of the estates of said minors which said application will be heard by said Court on the 4th day of April 1927, at the Court House of said County, in Cameron, Texas, at which time all persons interested in said estates are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Lillian Atkinson, Clerk County Court, Milam Co., Texas.

Mrs. Jas. Coleman and James Jr., will leave Saturday for Gregory for a six week's visit.

## GOT "BUMPED" BY COTTON AGAIN

**SAME OLD STORY OVER AND OVER IN EVERY COTTON STATE.**

Atlanta, Ga.—(Special.)—"We invited the present unsatisfactory cotton price situation when we failed to take notice of the danger signals flying on every hand at planting time last spring," declared H. G. Hastings, widely recognized agricultural authority and President of the Georgia Association, a statewide development organization with the avowed purpose of breaking up the slavery to cotton that exists so largely in Georgia and other cotton states.

"It looks as if our cotton farmers enjoy having the very life 'bumped' out of them ever so often the way they come back and invite 'bumping' every period of high priced cotton. It's a mystery the way they keep coming back for more punishment in the face of repeated 'bumps.'"

Our farm folks, our country bankers, supply merchants, etc., must all get it through their heads that the rules of the cotton growing game are changing. One-third to one-half bale per acre is a money loser on any price that is in sight. Low yields per acre always means high cost per pound.

There is one answer, and one answer only, to the cotton-growing problem, and that is less acres in cotton and more cotton per acre. As the yield per acre goes up, the cost of making it per pound automatically comes down. We can't have much control over selling price, but we can keep production costs down.

Less acres in cotton means more acres available for food and grain crops, cows, hogs and chickens. Cost of making cotton is largely a food and grain cost, food for the family and food for the working live stock. Corn, oats, hay and forage for the mules, horses, cows, hogs and chickens; meat, meal, fresh and canned vegetables and fruits for the family table are made at half the cost or less of what is paid for same to merchants or dealers.

In almost every cotton growing community there are one or more farmers "sitting easy" right now. The secret of their easy posture is that they own their cotton instead of owe it for food or grain or borrowed money. They are not pinched. They have corn or other grain in the crib, hay or forage a plenty in stack or barn, meat either in smokehouse or on floor, milk and butter from the cows and plenty of chickens for regular use, as well as when the preacher comes around. Most of if not all the year round there are fresh vegetables from the garden and home-canned goods from their own shelves instead of the merchant's.

The safe way, the only way to make you "sit easy" in times like this is to "live at home and board at the same place."

### CHARLES TOMEK

Charles Tomek, 40, died at the family residence in the Marak community Monday morning March 21st at 8 o'clock, after a three week's illness of pneumonia.

Mr. Tomek was born in Milam county and has lived in the Marak community practically all of his life.

Green Bros., undertakers, directed the funeral. Services were held at the Catholic church at Marak, Tuesday with Rev. K. Kacer officiating. Interment was held in Marak Cemetery with the K. J. T. Lodge in charge of the services at the grave.

The deceased is survived by his wife and nine children.

Among those who attended from Cameron were: Antone Stecher, Mr. and Mrs. B. J. Matocha, Mr. and Mrs. A. J. Matocha and Mrs. Chas. Sens.

This school is taught in the former residence of the sculptor Capini in San Antonio. Mrs. Carroll was the guest of her sister, Mrs. Henry Hefley while here.

## Is Your Appetite Poor? Sleep Broken?

Port Arthur, Texas.—"I was all rundown, my appetite was poor, my sleep broken, and I was at a loss what to do to regain my health when someone advised me to try Dr. Pierce's Golden Medical Discovery. I did so, and it was really a surprise to me how quickly I began to feel better and pick up. A few bottles put me in good health and since then I go for a bottle of the 'Discovery' just as soon as I begin to go down in health. It is a wonderful tonic."—G. W. Wagoner, 930-7th St.

## RAYMOND SHARPE'S WHITE LEGHORN HENS. HERE'S THE RECORD

37 hens in two Egg Laying Contests—A. & M. College, College Station and John Tarleton College of Stephenville, Texas.

852 eggs in January, (a winter month.)

465 eggs in December from 20 hens winning FIRST and SECOND place.

Good records have been made by my hens for a number of years, for instance in 1925—4 hens laid 1040 eggs for the year.

I have spent years of breeding egg laying quality into my flock and before you pay out your hard earned money for eggs or chicks get my prices—this quality costs you very little more than the cheaper kinds.

I can fill only a few more orders for March delivery.

## BAPTIST CHURCH NEWS

## WORKER'S CONFERENCE

To Be Held With Rockdale Baptist Church, Saturday, April 2, 1927

10:00 A. M.—Devotional, Rev. Jesse Jones, Gause.

10:20 A. M.—Address, "Financing the church through the Sunday school," A. R. Toby, Rockdale, Texas.

11:00 A. M.—Report of committee on "Associational B. Y. P. U. Work."

11:30 A. M.—Missionary Pageant, Thorndale W. M. S.

12:00—Lunch, served by Rockdale ladies.

1:15 P. M.—Meeting of Executive Board.

1:15 P. M.—Meeting of Association, W. M. U., Mrs. Wm. Henderson presiding.

2:30 P. M.—Address, "The Co-operative Program," Rev. W. A. Clark, Buckholts.

We feel that the above program will be an unusually interesting one, every church in the county should be represented. Some very important matters will be discussed at the Board Meeting, let us have not merely a quorum, but a full representation from all the churches.

## ASSOCIATIONAL MISSIONS

At the last meeting of the Executive Board the Secretary of the Board was instructed to send out letters to all the churches of the Association reminding them of our obligation to

Associational Missions. Quotas were suggested for the several churches and the Secretary was instructed to ask each church to accept its quota and raise at least one-third of the amount accepted in cash by June 1. At this meeting the Treasurer reported an indebtedness against the Association of more than \$700.00, and this indebtedness is increasing each month as more money is borrowed to pay current bills. By June 1 this debt will have increased to about \$1,000.00 unless more money comes in in the next few months than has been true in the past. Three churches in the Association are making regular monthly remittances to the treasurer, these are First Church, Cameron, Milano Baptist church, and the Cameron Mexican church. Only one or two other churches have sent in any money at all on Associational Missions thus far. If all the churches in the county will accept their quotas at once and raise one-third of the amount within the next two months, we would be able to pay off the present debt and stop the payment of interest on that, and we could then more easily operate on a cash basis for the rest of the year. Let's all fall in and do our part and it will not be burdensome to any one.

The Board, at this meeting, also instructed the Missionary to take offerings for Associational Missions in all the churches of the county whenever the opportunity for such presents itself.

The above report is accurate in so far as the missionary has been able to learn, if the figures are incorrect in any instance, we shall be glad to correct them, when notified of their incorrectness. It will be noticed that every church in the Association with two exceptions has made an offering on the Conquest Campaign. Every church with the same two exceptions, has been visited by an outside speaker in the interest of the Campaign, the Missionary himself having visited twenty of these churches. We were not able to get in touch with the South Elm church in time to present the Campaign to this congregation and Bro. Hernandez was left to handle the Cameron Mexican church as he saw best. The 26 churches visited, in the majority of cases have responded nobly.

It should be said for the Cameron Mexican church, that this church is on the budget system denominationally. The church sends an offering each month on the Co-operative program to the Dallas office and an offering each month to the county treasurer of our Association. The pastor and church is to be commended for this scriptural and business like way of doing the Lord's work.

## WHAT THE CHURCHES ARE DOING

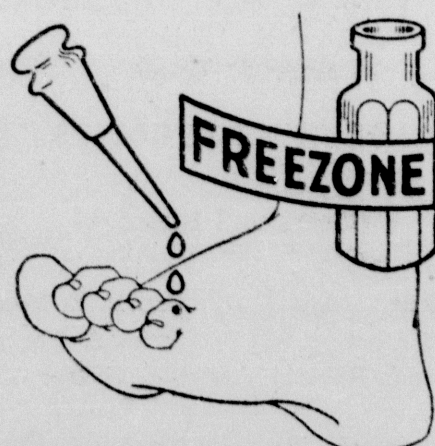

The Gause church has recently called Bro. Jesse Jones as pastor. Bro. Jones lives in Gause and is starting off with the work there in a fine way. The Missionary is to be with this good church in a Training School in the near future. Bro. Jones is also preaching once each month at Button Prairie. The Sunday School has been reorganized there and the Button Prairie church is moving forward.

Rev. C. D. Potts of Denton spent the week in our Association last week, while here he preached at Yarrelton, First church Cameron and at Davilla; he was to have preached at San Gabriel, but rainy weather prevented his doing so.

The Davilla church has set the first Sunday in April to call a pastor. It

## Guard Your "Financial Constitution"

Rufus Choate was receiving valuable advice from a solicitor friend, none other than Edward Everett. "My dear friend," said he, "if you are not more self-considerate you will ruin your constitution." "Oh," replied Choate, "the constitution was destroyed long ago. I am living on the by-laws."

Whenever a man is compelled to rely on the hope and probability of the next week's salary he is living on the "by-laws." It is nerve-wrecking business and his health's salvation rests alone on building up a sound constitution: a Savings Account, the one great, ever-ready financial recourse.

## TEACHER TRAINING CLASS AT CAMERON

The Training Class in the Sunday School Normal Manual was a marked success. Out of an enrollment of 26, 22 took the test and passed. There will probably be 30 awards as a result of the study.

The next book to be taught will probably be "What Baptists Believe." We should not have less than 75 in this class. The date of study will be announced later.

The Cameron W. M. S. will meet next Monday at the church for the regular monthly business meeting. A large attendance is expected.

## RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

Red Pepper Rub is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

**State Health News****Last Call on "Clean-up"**

With the approach of the annual state-wide clean-up campaign which is set for the week April 3-9, Dr. J. C. Anderson, state health officer, urges the co-operation of the entire citizenry of the state in ridding Texas of dirt and disease producing germs. As a means of assisting towns and communities in checking up on health and sanitary conditions, he makes the following recommendations:

**Cities**

Municipalities should have sanitary

sewage disposal plants, with 100 per cent of homes having sewer connections. Towns not having sewage disposal plants should have a system of sanitary closets.

Cities with common water supplies should monthly send samples of water to state laboratory for analysis, with a report of methods of operation. At present 100 cities are doing this, and it is hoped to see a big increase in this service.

Towns in malarial districts should have a mosquito control budget.

All towns should have the standard milk ordinance.

**Rural Communities**

In rural communities, special attention should be given to water supplies. Water from shallow wells is liable to contamination through drainage. Wells should be preferably three hundred yards from closets or barns and should be on elevated ground so that drainage will be away from the well. The top curbing should be of concrete or other impervious material for a distance of several feet, and should be provided with a tight cover. Where a cistern is used for water supply, it should be stocked with minnows or boiled regularly to prevent mosquito breeding.

Farm premises should be kept clean of rubbish, and barnyards and chicken houses should be cleaned regularly.

**Campaign Against Typhoid**

As a means of lessening this year the casualty list from typhoid, Dr. J. C. Anderson, state health officer, has announced that the entire month of April will be devoted to a special campaign for typhoid fever prevention.

"The reduction in the prevalence of this disease in the United States," Dr. Anderson stated, "is one of the signal triumphs of sanitary science, and has been achieved primarily through the sanitary progress made in cities. In rural districts where sanitary progress has been much slower, the typhoid rate is still high, thus showing the dire need for an increase in the work pertaining to rural sanitation."

"Sanitary measures for the prevention of typhoid fever and other filth-borne diseases are highly economical. In Texas last year there were reported 725 cases of typhoid, and at an estimated cost of \$300.00 for each case,

for medical attention, loss of time, and lowered efficiency, the loss to the state would total more than \$200,000. Then, too, these figures do not take into account the loss sustained by deaths from this disease.

**Typhoid Prevention**

"The primary measure in the prevention of typhoid is sanitation or cleanliness, and is within the province of every community to reduce the rate of this disease. The main factors in achieving reductions in typhoid rates are:

"Safe water supplies, sanitary sewage disposal plants, safe milk supplies, certified shellfish supplies, control of fly breeding and antityphoid vaccination.

"Where patients are convalescent from typhoid, their family physician should have satisfactory laboratory tests made to determine if they are

typhoid "carriers."

"Physicians of the state are asked to co-operate with the anti-typhoid campaign by reporting all cases promptly to the state board of health and by using such means of educating their local people on this subject as they deem advisable."

**HELPING MANY WORTHY BOYS AND GIRLS**

The credit plan adopted by the Byrne Commercial College of Dallas, to meet the scarcity of funds available to those desiring a business education, has been taken advantage of by many.

This school is enjoying the largest attendance in its history. Its advanced thorough and extensive course of General Business and Management for young men and its Complete Secretarial Course for young women are

proving good investments for those preparing for the more attractive and remunerative business connections.

"Thou shalt not kill," did not apply to game and fish, but the ancient decree may be reasonably amended to "thou shalt not kill it all."

When primitive man hunted with a club the wild animal needed no protection are products of civilization, but gun powder and game.

The rights of wild animal life have been written to statutes, selfishly for the most part, but flavored with the spice of sentiment.

An ounce of education is better than a pound of punishment for violation of the game laws.

# Notice to School Trustees

All trustees in common school districts and independent districts of fewer than 500 scholastics, must appoint three persons to hold the trustee election on April 2, 1927 and certify the name of the presiding officer to Jeff T. Kemp, County Judge, Cameron, Texas five days before the election, in order that he may send out election supplies promptly as is provided by law.

MRS. KATHRYN K. ROBBINS,

County Supt., Milam County, Texas.

# NOTICE!

DO NOT OBSTRUCT STREETS OR THROW TRASH  
IN DITCHES OR ON SIDEWALKS

The ordinance prohibiting the obstruction of streets will be enforced. It has become necessary to call attention to this ordinance and to ask the co-operation of the people in its observance.

Those who pile trash and refuse in gutters and in the streets are obstructing the streets in violation of the City ordinance defining public property and are hindering the work or drainage. The following extract from the ordinance will be enforced:

Section 6: "Any person who shall obstruct, or injure, or cause to be obstructed or injured, any street, side walk, avenue or alley, in this city, with wagon, carriage, cart, hack, buggy or other vehicle, boxes, lumber, timber, fire wood, posts, awnings, signs, or other substances or materials in any manner whatever, shall be deemed guilty of a misdemeanor and upon conviction, shall be fined not less than one hundred dollars nor more than two hundred dollars."

By Order of the CITY COUNCIL.

## NEVER-ENDING WAR

Ordinary rules of sanitation in the  
home and by municipalities are sav-  
ing the lives of thousands of Ameri-  
cans annually and making virulent  
epidemics almost unheard of.How many people a few years ago  
knew that malaria germs were spread  
by the mosquito and that many dis-  
ease germs were carried broadcast by  
the common housefly? No greater in  
number than these were those who  
realized the efficacy of screens, cov-  
ered garbage cans, clean yards and  
the elimination of stagnant water in  
exterminating the mosquito and the  
fly.A fly in the house is a sign of care-  
less housekeeping in this era of swat-  
the-fly. It is only in poorest ten-  
ement districts and the squalid homes  
of the mountaineer that the housefly  
is still given free reign to taint food  
and carry disease germs from person  
to person. Neither is the mosquito  
permitted to inject his malaria germs  
into the veins of every sleeping hu-  
man.To successfully combat the fly and  
the mosquito the campaign should be  
launched early in the year. The mu-  
nicipal spring clean-up was designed  
to rid the house yard of the winter's  
accumulation of debris so these fly  
and mosquito breeding places would  
not be present when the breeding time  
arrived. The careful housewife also  
repairs and installs her window and  
door screens before the spring debut  
of the fly and mosquito.But the battle against summer's  
pestiferous conveyors of disease must  
not stop with preventatives. Debris  
must not be permitted to accumulate,  
garbage cans must be closed tightly  
at all times and screens must be kept  
tightly closed and carefully repaired.  
And the fly swatter must be kept in  
daily use.

## WHAT NEWSPAPER ADS DID

It was only a few years ago that  
the retail stores in towns and the  
smaller cities did the bulk of their  
week's business on Saturday. While  
the other five business days might  
have paid expenses the merchant de-  
pended upon the Saturday sales for  
the major portion of his week's pro-  
fit. Needless to say the average mer-  
chant would have been exempt from  
excess profits taxes in those days.The newspaper is given credit for  
discovering the possibility of scatter-  
ing the Saturday peak load over the  
six business days of the week and it  
was newspaper advertising which has  
achieved the present more equitable  
distribution of the week's business.  
Saturday is still the merchant's busy  
day, but now he is only a little less  
busy on the preceding five days.This is only one of the many ser-  
vices performed for business by news-  
paper advertising. It is irrefutable  
that a great part of the increase in  
business experienced by the retail  
stores generally in recent years has  
been created by newspaper advertis-  
ing. Newspaper advertising has been  
the "Aladdin's Lamp" of the retail  
merchant. There are still isolated  
towns where one may see for himself  
"what might have been" the nation  
over if newspaper advertising had  
never been.

## A TRIP INTO THE COUNTRY

A jaunt into the country at this  
season will do any one good. What  
is more restful to eye-weary city  
dwellers than to gaze out upon the  
rural scenes around about Cameron?  
There are the cows standing in the  
flowing brook, if they are not eating  
the tender grass. The leaves are cov-  
ering the trees with their pretty fel-  
lings. The ground is fairly teemingwith life. Everywhere one turns a  
scene is pictured that is good for "sore  
eyes"—the eyes that are tired and are  
seeking rest and need just such a  
change.Try a trip to the country in the  
springtime.If a woman had any sense there  
would be more bachelors.Some neighbors will borrow every-  
thing, including trouble.The hard thing about making mon-  
ey last is making it first.Love makes the world go round the  
bend and park in a lane.Lots of people think the world owes  
them five or six livings.A soft answer doesn't turn away as  
much wrath as a hard lock.Being popular doesn't leave much  
time for making real friends.When picking your friends be care-  
ful not to pick them too much.Money may not mean everything,  
but almost everything means money."Interesting people" are those who  
take an interest in us.A man isn't licked until he begins  
to complain about the rules.Most of the work is done by people  
who are too nervous to loaf.You don't have to nurse a grouch  
very carefully to make it grow.Most people who have nothing to do  
make the mistake of doing it.People who walk in their sleep  
should tell the truth while awake.

Mr. J. E. Blair, division engineer of this division for the State Highway Commission was here Tuesday and Wednesday.

Miss Glenn Brooks, student in Yoe High, had the misfortune to break her ankle while skating and now is at her home in Milano. Her many friends wish for her an early return to school.

The many friends of Albert Triggs Jr., will be glad to know that he is recovering from his recent illness rapidly and hope that he will soon be able to be out.

The cars of Bob McLane and J. F. Popp suffered minor damages when they collided on the Rockdale road Tuesday night.

## EXCURSION TO LOWER RIO GRANDE VALLEY

The Southern Pacific Lines announce through agent B. T. Harris an excursion to the lower Rio Grande Valley on April 3. Those who will make the trip have the pleasant prospect of eating their supper in Cameron and waking up for breakfast in the magic valley. Quite a number from here are expected to go.

## ATTENDANCE RECORD IS WON BY WOMENS CLASS

In the final count Sunday in the contest between the Young Men's Bible Class, of which Oxsheer Smith is teacher and the Friendly Bible Class of which Mrs. L. J. Power, is teacher, the ladies were a few points ahead of the men.

The Friendly Bible Class was recently organized with 18 members and in the contest through March the membership has increased to 67. The officers of this class are as follows: President, Mrs. W. A. Bonds; Vice-president, Mrs. C. S. Peyton; Secretary, Mrs. Albert Schiller; Treasurer, Mrs. Will Stafford; Class Historian, Miss Delphyia Scott.

At an early date the Young Men's Bible Class will entertain the Friendly Bible Class with a banquet and party.

## CARD OF THANKS

We desire to extend our sincere thanks to those who came to us during the illness and death of our beloved father, D. C. Campbell and who spoke words of sympathy and in every way possible sought to assist us in bearing the keen sorrow that we experience. Especially do we wish to thank those who gave flowers and in any way assisted us during this sad hour for all of us.

Hugh Campbell  
Raymond Campbell  
Seth Campbell  
Mrs. N. E. Colburn  
Mrs. Helen Tubbs  
Mrs. Eugenia Claxton.

Judge John Watson is attending court in Marlin this week.

## James L. Coleman To Dallas For School In Funeral Work

James L. Coleman Jr., will leave Cameron Saturday for Dallas where he will attend the Dallas school of Funeral Directing and Embalming for six weeks.

At the expiration of the six weeks school in Dallas Mr. Coleman will go to El Paso to take the examination before the Texas State Board of Embalming.

On his return to Cameron Mr. Coleman will be prepared to place at the disposal of the public in the undertaking business of the Cameron Furniture Company an experience and training that will bring to the business the best in funeral directing.

Mr. Coleman has many friends here and elsewhere who will be interested in this announcement.

## Tiny Finds a Way

By HOMER B. KING

(© 1925, Western Newspaper Union)

TO BIG JIM CARNABAN—Lippy—and Tiny Perkin, had come the parting of the ways.

It was the finding of a rich old river bed at the end of the fifty-foot tunnel they had driven into a hill that caused the trouble; after years of seeking, the possibility of sudden wealth had suddenly awakened in Lippy the devil's rapacity.

Today the last of the gravel they had wheeled out was being sluiced and Carnaban had driven Tiny away, swearing he would twist his skinny old neck if he came back before the work was finished. Sneaking around through the brush, Tiny hid close to where the big fellow was working, and for two hours watched him, and before leaving he knew Carnaban was robbing him.

When Carnaban entered the cabin Tiny greeted him in his usual cheery manner.

"How'd she clean, Lippy, boy?" he chirped.

"Not much—that's all," Carnaban growled, dropping two slim buckskin dust bags on a slab table.

An hour after Carnaban took from beneath his bunk two other bags of gold dust.

"Pull up!" he ordered. "I'm going to divide what we've got."

"What's the idea, boy? Can't we do that when we get to Mt. Idaho?"

"No! We're splittin' right now."

"Why?"

"Because," Lippy rasped, thrusting his heavy face forward, "because, old man, you leave tomorrow for outside. I'm through supportin' you."

"Why, Lippy, you ain't supportin' me—our claim's more than doin' that."

Carnaban laughed shortly.

"Our claim?" he scoffed. "Ain't you woke up yet to the fact that you ain't got no claim? It's mine, old man."

After pouring half of the second bag on a piece of paper, folding it and pushing it toward Tiny, he rose, and first placing his gold beneath his lumpy pillow he dropped on his bunk.

For a time Tiny sat silent. "Boy," he at last quivered, "what you've done ain't square, but I've lived a long time and seen lots of things—and understand. I've found out that gold madness is worse than most anything a man can get—and Lippy you've got it!"

"Shut up or I'll—"

"See," Tiny interrupted, "it'd make you murder your best friend. Come on, son, let's get away. We'll go down to Mt. Idaho and spend the winter."

Carnaban leaped to his feet. "Cut it, you old rat! I know what you are drivin' at—you want to get me out where you can make a fight for half of this claim. Well, you don't do it—and tomorrow you git!"

It was after midnight when Tiny, leaving Carnaban snoring loudly, slipped out and hurried up the creek to the tunnel. Lighting a stub of an old pipe he went inside. In half an hour he found Carnaban's cache. His next move was to stick fuses into several ticks of giant. Five fuses he capped; he others he only tied to the powder and dropped them into a sack which he hung across his shoulder, leaving the fuses dangling. Next he placed one of the loaded sticks at the tunnel mouth, lighted them and ran down the creek toward the cabin.

He was still running when the explosion came and small rocks rattled about him. He heard the roar of sliding earth and knew the tunnel was no more. Next he heard Carnaban yelling his name as he ran toward him, and slipping into the brush he let him rush past. Then he ran on to the cabin.

First he took the gold from beneath Carnaban's pillow. Next he carried out their remaining grub, Carnaban's clothes and their blankets. Dividing the food he put his part into his sack; he other half he left on top of the blankets. Placing two sticks of giant in the doorway he again ran. Then came the roar and the cabin was a tumble of logs.

"Two minutes after, raging like a crazy man, Carnaban came running back, and Tiny, swinging about his head a stick of dynamite with lighted fuse, yelling like a mad man, leaped toward him.

"Git out of the way!" he screamed. "Git! I'm comin'. I'm the powder man—powder man!" he sang, and disappeared into the bush as the roar of the powder he had thrown sounded.

Lippy gave one look and ran as though devils were pursuing him.

In Mt. Idaho, two days later, Lippy, red-eyed and haggard from sleepless nights of terror, stood before Sheriff Adams.

"I tell you, sheriff," he was saying, "he's plum crazy. Poor little devil. Way, man, he done his best to blow me to smithereens with dynamite. He did blow up our tunnel and cabin. We'd made the biggest cleanup of our lives, too, and he blowed it plum to kingdom come, but—"

"Hello, Lippy—figgered I'd find you here," Tiny called from the doorway. "Beat me in by an eyelash, didn't you?"

"Look out!" Lippy yelled, dodging behind a desk. "Look out! He's got the powder in that sack! Look out!"

Tiny grinned.

"Don't get excited, sheriff. I throwed the powder away 'fore I got into town. I got suttin' better'n powder here."

and he dumped on the desk six buckskin bags. "Wish you'd weigh that sheriff. Half's mine and half's Lippy's. Him and me had a little argument back at the mine. Hovsosomever, it's settled now, ain't it, Lippy?"

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur Compound at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft, and luxuriant.

## If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

## SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautiful again, and appears glossy and luxuriant.

**Rural Electrification Visualized by Experts**

It is not generally known that a thorough survey of the possibilities of rural electrification in Texas is now under way through co-operation between Texas power companies and the Texas A. & M. College department of mechanical engineering. So far some astonishing facts have been developed, as brought to light at last Monday's meeting of the Dallas Agricultural Club, at which John W. Carpenter, vice-president and general manager of the Texas Power and Light Company and his technical staff presented a vision of rural electrification which is to transform farm life in time.

Some of the facts presented follow:  
Total miles of rural electric power lines in Texas 564

Total number of rural customers served with electricity 7,096

Electric gins in North and Central Texas 327

Summary of farm electric uses:

Electric churns 314

Electric irons 5,281

Electric ranges 724

Electric refrigerators 83

Small electric motors for household water pumping, milking, emery wheel grinding, and other domestic uses 324

Electric sweepers 311

Electric washing machines 229

Electric toasters 286

Electric percolators 421

Electric fans 53

Electric water heaters 82

Electric motors for irrigation 27

Electric sewing machines 102

Electric incubators and brooders 60

Electric motors, for ensilage cutting, feed cutting, and other heavy duty rural needs 21

It was further brought out that the Texas Power and Light Company embraces 2,051 miles of transmission lines and a maximum length east to west of 416 miles and north to south of 292 miles, serving 118,550 customers. This system have a capacity of 100,000 kilowatt hours.

North Carolina producing only 800,000 bales of cotton annually, has 760 textile mills while Texas, producing last season almost 6,000,000 bales of cotton has at present only 26 mills. However, in 1926 there were 241,000 spindles in operation in Texas mills, shows marked progress.

With cheap sources of fuel derived from immense beds of lignite in East Texas this state eventually will be in position to supply cheap power to many industries, many of which ultimately will be located in rural districts in line with the prevailing policy of decentralization of industry.

Factories and textile mills located in the heart of the Texas cotton belt will mean an opportunity for farmers to earn good wages during months when there is practically nothing to do on the average cotton farm. This system has worked out to the advantage of farmers in the Southeastern States where most of the cotton mills have gone to the rural districts.

**VOLUNTEERS OF AMERICA AID-ED BY OFFERINGS SATURDAY**

Cameron folk opened their hearts and purses on Saturday to help the destitute women and children and other unfortunates in care of the Volunteers of America by contributing the sum of \$56.62 to that worthy cause. Every one connected with the affair was deeply grateful to all who in any way helped make the day successful.

A statement issued by the organization's representative says: "To the city officials, the newspapers, the merchants who furnished the incentives for the children's efforts as well as to Miss Imogene Sapp's capable leadership full credit should be given; neither must the public's generosity in patronizing the youthful workers be omitted." From early in the morning until late in the afternoon each of the girls and boys played the merry game of "competition" for the prizes and movie tickets and at the close of the "contest" it was found that Edith Whitely was entitled to the first prize having collected \$9.99. The second was won by Viola Sustek who had \$9.24 and Eddie Graham had \$7.37 and received the third. The fourth was won by Verna Beth Beard. The other children were made happy with the movie passes.

## T. E. L. CLASS SOCIAL

The T. E. L. Class last Friday afternoon enjoyed a business and social meeting in the home of Mrs. Geo. A. Thomas, a most gracious and hospitable hostess.

The room was full of interested members, all eager to contribute their part to a good time and to talk and plan to make the class a better one and a bigger success.

After the business session and social recreation period the hostess assisted by her daughter, Mrs. Albert Triggs, served a refreshment plate of meat sandwiches, molded fruit salad, crackers and grape juice.

## WEDNESDAY BRIDGE CLUB

The Wednesday Bridge Club was beautifully entertained by Mrs. Walter Newton Wednesday afternoon at her home. A pretty motif was carried out featuring dogwood and pink verbenas, attractively used throughout the reception suite. Table covers were of butterfly design.

After many games were enjoyed, the hostess served chicken salad, fruit salad in butterfly design, crackers, bread and butter sandwiches and orange ice.

Club guests were: Mesdames Tiff Moore, Oxsheer Smith, Rush Thomas, J. L. Clinton, Alex Triggs, W. A. Bonds, Misses Aetna Smith and Louise Denson.

## SPRING PARTY

One of the outstanding social events

of the week was the beautiful spring party given by Mrs. Clifton Jenness at her attractive new home in the Green Addition on last Friday afternoon.

The guests assembled at four tables which were arranged amid an ideal setting suggestive of spring, with wisteria, phlox, blue bonnets and verbenas placed at vantage places in wall pockets, pedestal baskets and vases.

The refreshments were served on green trays with pink doilies centered with a pink hyacinth, which was given for high score at each table. The plates consisted of chicken boubons, hot rolls, frozen fruit salad, crackers and pineapple ice.

## MR. AND MRS. BRIDGE CLUB

Mr. and Mrs. George Childress entertained the Mr. and Mrs. Bridge Club on Tuesday evening at their home.

The reception suite was decorated with spring flowers in baskets, vases and wall pockets. The spring idea was also featured in tallies, table pads and covers.

High score for ladies was won by Mrs. Clifton Jenness, a lemon fork. Vernon Roberts won high score for men and received a leather key container.

The hostess served sandwiches and fruit punch.

## What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

### Texas Tech Is New Attraction For Textile Mills

A new factor to interest the textile industry in Texas has been produced by the State's newest addition to its higher education facilities—Texas Technological College. Although only in its second year, its student body of more than 1,500, many of whom already know cotton from the seed to the bale, is learning cotton from the opening of the bale to the finished bolt of cloth. Graduates from this school are destined to become leaders in the growing textile industry of the State.

Texas Tech has been fortunate in having the interest of the entire State behind it. Originally planned as a West Texas college following years of insistence from citizens of that part of the State for a technical educational institution, Texas Tech was founded on a broader plane as an all-Texas undertaking and is drawing its students from all sections of the State.

John W. Carpenter, vice-president and general manager of the Texas Power and Light Company, is a member of the original board of regents appointed for the school by Governor Neff, and has taken more than an ordinary interest in the institution, particularly the department of textile engineering. Mr. Carpenter has been actively engaged in spreading information about the possibilities for textile development in Texas and has visited many textile mills in the Southeastern States and New England to secure ideas for the development of similar mills in his State. He also founded the John W. Carpenter scholarship, which provides a sum annually for the student who makes the highest record in textile engineering. On his appointment to the board of regents, Mr. Carpenter, with Dr. P. W. Horn, president of the college, and others interested in the new institution, visited the principal textile schools of the East and appropriated the best ideas they found for the Texas school.

Through the efforts of Mr. Carpenter and Col. F. P. Holland of Farm & Ranch, a forty-eight-page booklet, describing the Texas Technological College and entitled "Textiles and the New Generation," was printed recently. This booklet tells of the history of the college, its progress and its aims. Ten thousand copies were sent out by the college to Texas citizens and prospective students, and also to textile mill owners in America, England and Japan.

### T. P. L. Starts 1927 Campaign To Bring Mills To Texas

WALDO C. COLE

Waldo C. Cole, industrial commissioner of the Texas Power and Light Company, has been sent to Boston and other New England cities in an effort to bring a number of textile industries to Texas. John W. Carpenter, vice-president and general manager of the Texas Power and Light Company, announced recently. Mr. Cole will remain in the East at least six months, acquainting capitalists and textile mill owners with the possibilities in Texas.

The Texas Power and Light Company has inaugurated a year's advertising campaign in national textile and manufacturing magazines, to be devoted to spreading information about the industrial possibilities of Texas in the textile industry.

Mr. Carpenter, himself a native Texan, has devoted much of his time the last five years to trips through Northern and Eastern States to confer with capitalists interested in the textile industry and bring back ideas that would be helpful in the industrialization of his State. Several of the newer textile mills are now operating in Texas as the result of Mr. Carpenter's efforts.

Mr. Cole was reared in the cotton mill sections of the Carolinas, where he received much of his practical training. Until a few years ago he was in charge of one of the largest textile mills in Mexico.

Before leaving for New England, Mr. Cole made extensive trips through Texas, conferring with Texas mill owners, studying the growth of these mills and gathering detailed information and samples of the goods to use in presenting the case of Texas.

One of the newest advantages of Texas for textile mills which Mr. Cole will present during his stay in the East will be information about Texas Technological College at Lubbock, which has become one of the ranking textile institutions in the South, although only in its second year.

Survival of the fittest of the finny tribe is nature's method of working, but the doctrine of conservation supplements the short-comings of nature. The bass is a game fish but a poor conservationist—he eats his brothers and sisters.

### Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 35 cts. At any drug store. (Adv.)

DR. W. B. CALDWELL  
AT THE AGE OF 83

Most men and women past fifty must give to the bowels some occasional help, else they suffer from constipation. One might as well refuse to aid weak eyes with glasses as to neglect a gentle aid to weak bowels.

Is your present laxative, in whatever form, promoting natural bowel "regularity"—or must you purge and "physic" every day or two to avoid sick headache, dizziness, biliousness, colds, or sour, gassy stomach?

Dr. Caldwell's Syrup Pepsin helps to establish natural, regular bowel movement even for those chronically constipated. It never gripes, sickens or upsets the system. Besides, it is abso-

lutely harmless and pleasant to take. Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

### Third Of Population To Travel By Auto Before End Of Year

The nation's greatest migration is to be made this summer.

According to figures R. H. Grant, general sales manager of the Chevrolet Motor Company, by officials of the American Automobile Association, before the close of 1927 40,000,000 people—a third of the country's population—will travel by motor car. Their wheeled flight over highways and byways, mountain and plain, constitute the most colossal peace-time

movement in the history of mankind.

These vast caravansaries will use between 9,000,000 and 10,000,000 automobiles in their wanderings, almost half the passenger cars in use in the nation. These figures are based on the situation which prevailed in 1926.

All indications point to an increase of about ten per cent in the number of tourists and the number of automobiles. The summer of 1926 found 36,000,000 people taking to the highways in approximately 9,000,000 automobiles.

A vast amount of money will be spent by the traveling hosts to enrich the innumerable cities and towns and

the millions of stay-at-home servitors that cater to roadside wants. The traveler will spend at least three and a third billion dollars, a tremendous factor in the increased prosperity of thousands of communities throughout the nation.

Of the total of ten million cars which will be on the road, three and a third millions will carry camping equipment and tour for an average of 33 days each. The other two-thirds will patronize hotels and will spend an average of ten days on tour. For the canvas brigade the daily expenditure is estimated at \$10 per car or \$33,333,000 daily for them all, which in 33 days will total nearly \$1,100,000,000. The hotel tourists will find expenses running about even with the camping cohorts although touring about only one-third as long, and will spend approximately \$2,200,000,000. At the most conservative estimate it is safe to assume that the resorts, hotels, garages, filling stations and other agencies catering to motor travel will benefit to the extent of at least \$3,300,000,000 from this year's mighty host of motor vacationists.

The vanguard of the great migration already is upon the highways, the first hardy thousands setting out at the first signs of spring. Every touring area in the country is reporting substantial increases and these reports have been borne out by the demands for touring information made at automobile clubs. The cult of the open road is in session.

Camping facilities have been greatly improved and extended and their development seems certain to make this phase of touring much more popular—setting a new record in 1927 for the migratory travelers. There will be more people, young and old, on the road than ever before. There will be more cars, more money, more pleasure.

A few years ago vacation travel was considered an expensive luxury. Today it can be made almost as inexpensive as living at home for the family which wishes to spend their time in camps—and 'Seeng America First' will have deep meaning for millions of former stay-at-homes.

Receipts from registration fees, licenses, etc., amounted to \$288,282,352 as compared with \$260,619,621 in 1925. It was available for highway construction under the supervision of the state highway department, \$51,702,184 was allocated to counties for expenditure on local roads and \$25,274,158 was used to finance highway bond issues. The remainder was used for payment of collection costs and miscellaneous purposes.

The new fish and game commissioner, William J. Tucker, is a publisher from Longview. A former commissioner, William G. Sterret, was also a newspaper man, known as "Colonel Bill." Just now the new commissioner is affectionately called "Will", but as his fame spreads he will probably be dubbed "Bill."

The score in the game of Conservation vs. Kill was running 0 to 0 up to

within recent years. That is, the killers did not kill all the game, but they were winning on points. Unless all signs fail, the Moody-Tucker administration will make a touchdown. Mr. and Mrs. D. L. Baggett of Rockdale visited friends in Cameron Sunday.

The best way to find your missing kinsfolk is to get rich.

### More Than 22,000,000 Automobiles Now In Use In America

More than twenty-two million motor vehicles were registered in the United States during 1926 according to reports received from State registration agencies by the Bureau of Public Roads of the United States Department of Agriculture. The year's registration represents an increase of 10.3 per cent or slightly more than 2,000,000 more than that of 1925.

Florida with an increase of 40.2 per cent, not including nonresident registrations, shows a greater gain than any other state. Oklahoma, with a gain of 17.8 per cent, and second only to Florida in respect to the amount of increase, was followed closely by Alabama, Idaho, Louisiana, Mississippi and Utah, all of which had increases over 15 per cent.

Of the total number of vehicles registered, 19,237,171 were passenger automobiles, taxis and busses and 2,764,222 were motor trucks and road tractors. The increase in motor trucks and road tractors amounted to 13.2 per cent, which is somewhat greater than the increase for all classes of motor vehicles, indicating a continuation of the development of commodity transportation by highway.

## Local Postal Clerks Make 100 Per Cent In Examinations

The three mailing clerks of the Cameron Post Office, Albert Collins, Grady Cooper and Joe Matula, made a record breaking grade in their case examination on Wednesday at the annual examination held in Cameron by J. L. Eastham, chief clerk of the Railway Mail Service, each of them making 100 per cent. The examiner advised that the patrons of the office and the general public should be told this as he had never had such a record before and that this meant that Cameron was served by a most efficient force of clerks, who were exceptionally quick and alert. Mr. Eastham also stated that it was an unheard of occurrence that three clerks, or all taking the examination, in one office should make this perfect grade as only two one hundred percents had been made with him so far this year in his district until the three in Cameron.

## M. G. Cox Speaks At University Meeting

M. G. Cox returned Tuesday from Austin where he attended the meeting of the Mother's and Father's Association at the University of Texas. He is vice president of the organization and on this occasion delivered one of the principal addresses, presenting Dr. Spawen, the president of the University. Mr. Cox presided at the meeting. Congressman Tom Connolly, also spoke. As an official in the Association Mr. Cox takes an interest in the programs and is also active in support of all the activities of the University. Joyce Cox, son, is an honored student at the University.

## WALKERS CREEK WILL HEAR BAPTIST SPEAKER

The pastor wishes to announce that on Saturday night, beginning at 7:45 there will be two outstanding speakers of the state at Walker's Creek church. Mrs. W. T. Turner will speak on the subject, "Old Ideas For A New Day" while her husband will follow her on the subject, "Lessons From Prayer."

Mrs. Turner is known throughout the Southern Baptist Convention for her ability to speak. She has appeared on programs in practically every large city, mostly for the purpose of speaking on subjects of interest to the ladies of the W. M. U. Mrs. Turner is at present President of the W. M. U. of the Waco Association. Rev. Turner is pastor of the Brook Avenue Baptist church of Waco. He too, is a noted preacher, and is interesting to all who hear him. He will bring a message you can't afford to miss.

We are indeed fortunate to get these two speakers for Walker's Creek and it is hoped that there will be a house full to hear them.

## D. C. CAMPBELL

D. C. Campbell, 78, died at his home at Yarrington Tuesday afternoon, March 29, 1927 at 1 o'clock.

Funeral services were held at the North Elm Baptist church at 4 o'clock Wednesday, March 30 with Rev. L. J. Power, pastor of the First Methodist church, Cameron, officiating. Funeral arrangements were directed by C. N. Green, undertakers, with interment in North Elm Cemetery.

Mr. Campbell was born August 2, 1848, and was married to Miss Mary E. Jackson, December 21, 1871. To them were born six children, five of whom were present at the time of his death. Mr. Campbell united with the Methodist church when a young man and had lived a consistent Christian life. He moved to this county in 1882 and lived one year at Ad Hall and then moved to Yarrington where he lived until his death.

His surviving children are: Hugh Campbell, Mrs. Helen Tabbs of Ballinger; Raymond Campbell, Dallas; Seth Campbell of Kermit; Mrs. N. E.

Colburn, Yarrington and Mrs. Eugenia Claxton of Rotan.

The active pall-bearers were: Geo. Fikes, C. P. Gandy, George McDonald, J. M. Fuller, John Jinks and Vince Lesikar.

## KNIGHTS PYTHIAS TO INITIATE CLASS

JOIN IN MOVEMENT FOR SUPREME CHANCELLOR CLASS  
MAY 2 and 14

Working under a proclamation issued by Supreme Vice-Chancellor Alva M. Lumpkin, Columbia, S. C., all Subordinate Lodges of the Knights of Pythias throughout the Supreme Domain will assemble a class of candidates to be initiated between May 2nd and 14th. The campaign is expected by those in charge of the affair to bring more than 50,000 new members into the Order. The classes will be known as "The Supreme Chancellor's Class" as a tribute to Supreme Chancellor Richard S. Witte of Milwaukee, Wis., and the first two weeks of May will be designated throughout the Order as "Supreme Chancellor's Week."

When the proclamation was received by Milam Lodge, Chancellor Commander Jake Posey appointed a committee to organize the membership for a drive for members and to make plans for the initiatory convention to be held during the time designated in the proclamation. The committee in charge of the affair is made up of the following members of the lodge: C. E. Porterfield, chairman, J. P. Love, Wm. Baskin, M. G. Cox and Chas. Nabours.

According to announcement of Supreme Lodge officers directing the drive, an educational program will be of equal importance with the class of candidates initiated. Officers and members of the Supreme Lodge in all States and Provinces have been listed in itineraries to visit many lodges during the two weeks and make addresses to the class and to the membership along educational lines. In Grand Domains, all grand lodge officers and past officers, including past supreme representatives will be routed throughout the jurisdiction for meeting with lodges in various parts of the territory.

Another interesting feature of the event is the plan to gather data of these meetings. Each lodge is requested to send a night message to Supreme Chancellor Witte at the close of the convention giving the number of candidates, number of Knights attending the meeting and other details of the convention. This data will be assembled and a report made to all lodges.

Supreme Chancellor Witte was elected to head the Order in August 1926. His term extends to August, 1928. Since elevation to his high honor in the Order he has visited in all sections of the United States and Canada, traveling thousands of miles, attending Grand Lodge conventions, dedicating new lodge homes and laying corner stones for homes for aged members and widows and orphans. His leadership has given new life to the fraternity and this movement in the Order universal is a tribute of recognition of the definite service he is giving.

All branches of the Order are invited to participate with the Lodge in making this event the most outstanding of the year. The Uniform Rank, Pythian Sisters and Insurance Department will participate. The military branch will assist in the initiation, the Pythian Sisters in many places will provide a banquet, and representatives of the Insurance Department will provide a part of the speaking program to give to the new members an outline of the achievement of this branch of the fraternity in the distribution of over \$60,000,000 to widows and orphans of deceased members.

Mr. and Mrs. Logan Green, Misses Ethel Green and Helen Blaylock, visited Lester Green, University student, in Austin Sunday.

Mr. and Mrs. J. M. Ralston left Wednesday for a visit with Mr. and Mrs. Paul Brown in Karnes City.

## MR. AND MRS. BRIDGE CLUB

Mr. and Mrs. George Childress entertained the Mr. and Mrs. Bridge Club on Tuesday evening at their home.

The reception suite was decorated with spring flowers in baskets, vases and wall pockets. The spring idea was also featured in tallies, table pads and covers.

High score for ladies was won by Mrs. Clifton Jenness, a lemon fork. Vernon Roberts won high score for men and received a leather key container.

The hostess served sandwiches and fruit punch.

## GOT "BUMPED" BY COTTON AGAIN

SAME OLD STORY OVER AND OVER IN EVERY COTTON STATE.

Atlanta, Ga.—(Special.)—"We invited the present unsatisfactory cotton price situation when we failed to take notice of the danger signals flying on every hand at planting time last spring," declared H. G. Hastings, widely recognized agricultural authority and President of the Georgia Association, a statewide development organization with the avowed purpose of breaking up the slavery to cotton that exists so largely in Georgia and other cotton states.

"It looks as if our cotton farmers enjoy having the very life 'bumped' out of them ever so often the way they come back and invite 'bumping' every period of high priced cotton. It's a mystery the way they keep coming back for more punishment in the face of repeated 'bumps.'"

Our farm folks, our country bankers, supply merchants, etc., must all get it through their heads that the rules of the cotton growing game are changing. One-third to one-half bale per acre is a money loser on any price that is in sight. Low yields per acre always means high cost per pound.

There is one answer, and one answer only, to the cotton-growing problem, and that is less acres in cotton and more cotton per acre. As the yield per acre goes up, the cost of making it per pound automatically comes down. We can't have much control over selling price, but we can keep production costs down.

Less acres in cotton means more acres available for food and grain crops, cows, hogs and chickens. Cost of making cotton is largely a food and grain cost, food for the family and food for the working live stock. Corn, oats, hay and forage for the mules, horses, cows, hogs and chickens; meat, meal, fresh and canned vegetables and fruits for the family table are made at half the cost or less of what is paid for same to merchants or dealers.

In almost every cotton growing community there are one or more farmers "sitting easy" right now. The secret of their easy posture is that they own their cotton instead of owe it for food or grain or borrowed money. They are not pinched. They have corn or other grain in the crib hay or forage a-plenty in stack or barn, meat either in smokehouse or on hoof, milk and butter from the cows and plenty of chickens for regular use, as well as when the preacher comes around. Most of it not all the year round there are fresh vegetables from the garden and home-canned goods from their own shelves instead of the merchant's.

The safe way, the only way to make out "sit easy" in times like this is to live at home and board at the same place.

When in Rome do as the Romans do; but when in bad don't do as the bad ones do.

## What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!
